The session will consist of a short introduction to studying in Oxford followed by an open Q & A.

You may ask your own questions or just listen to others’ questions about the experience of studying at Oxford and the application process.

If you have personal, rather than general, questions you would be welcome to follow up by emailing one of the presenters after the meeting. Please be aware that your home institution may have relationships with a particular Oxford College or Colleges.

This event will be hosted by:

Kirsten Jellard, Director, Programmes and Networks, St Anne's College
